Oberer Commercial Construction, Ltd.
and
Greater Dayton Construction Group, Inc.
join forces to create Oberer Thompson Companies

Dayton, OH, November, 2003 — On November 1, 2003, Oberer Commercial Construction, Ltd. and Greater Dayton Construction Group, Inc. joined forces to create Oberer Thompson Companies.

This new, independent operating company, will join the affiliate network of Oberer Companies to offer both businesses and consumers remodeling, fire restoration and commercial construction services.

By joining forces, the two companies now offer one of the Dayton area's most complete portfolios of residential and commercial real estate services. In addition, Oberer Thompson expects to see \$25 million in annual sales. Within several years, sales are expected to reach more than \$40 million.

Reaching \$25 million in sales would place Oberer Thompson as the area's 7th largest commercial builder, according to the Dayton Business Journal's research.

The details encompassing the transition of these two companies into one, are expected to be complete by January 1, 2004. Greg Thompson will serve as president of Oberer Thompson Companies, which will be headquartered in Beavercreek. Tom Fromholt will also remain in his current position as vice president of commercial construction.
